While Isaac and The Protectors work to become better at their craft, they are alerted to a new potential ally. Decisive action must be taken. Meanwhile, the Dissenters are secretly plotting and planning their next move.

Superstars ... or superheroes? THE PROTECTORS was created by former NFL defensive lineman and lifelong comic fan Israel Idonije. The story combines realistic, exciting sports action with superhero spectacle, harmonizing two mass-appeal, crowd-pleasing entertainments. The diverse PROTECTORS include football's Isaac Chike, baseball's Miguel Montiero, basketball's Douglass Larter, soccer's Danielle Peters and hockey's Gerard Rioux, who are all stars in their respective sports. Each is blessed with a genetic spark that, when fully activated, will give them incredible abilities, as well as awesome responsibilities. They will learn that mankind is threatened by powerful adversaries called the Dissenters, who have come from their extra-dimensional home and taken positions of power through religion, politics and the media. The Dissenters plan to dominate the Earth and enslave mankind. Only the Protectors stand in their way.
